This 6.5 Contact Hour approved course is designed for registered professional nurses and other healthcare professionals who wish to increase their knowledge of electrocardiography.

Analysis of 12-Lead EKG changes, identification of possible causes of axis deviation, hypertrophy patterns, bundle branch blocks, electrolytes and infarction patterns will be presented.

Implications for nursing interventions and management will be discussed.

Faculty:

Mary Ellen Cafiero, RN, MA, CCRN, GNP
Course Coordinator
Nurse Education Manager for Critical Care
Beth Israel Petrie Division

Laura O’Brien RN, MA, CCRN, CS
A cardiology clinical specialist, Laura teaches with a special flair that includes active participation and clinical experience. She is renowned for teaching cardiac arrhythmias as well.
Comments from participants at previous workshops...

"The instructors are fun and make it easy to understand"

"I recommend this for all nurses!"

"I have been taught this before but never understood it until this workshop."

"A+, Laura and Anna know how to make EKG’s quick and easy to interpret."

"Now I can look at a 12 Lead and know what I am looking at!"
