

Addictions Nursing Workshops

TARGET AUDIENCE:

This program is designed for Nurses, CASAC, and other staff in the addictions field. The workshop is designed to provide information for anyone interested in learning more about addictions or considering entering the field. This program will help prepare Nurses for certification.

Beth Israel has a long history of leadership in the addictions field, providing the largest programs in the country which includes; Methadone maintenance treatment; inpatient, outpatient detoxification and dual diagnosis programs; chemical dependency rehabilitation and aftercare facilities.

The Chemical Dependency Institute is known for its innovative research in designing and studying treatment approaches for substance abuse.

This Education Program is presented by Continuum Services, which has been approved as a provider of Continuing Education by the New York State Nurses Association's Council on Continuing Education. The American Nurses' Credentialing Center's Commission on Accreditation accredits NYSNA as an approver of continuing education in nursing.

CASAC approval pending.
