

INFECTION CONTROL PRACTICES AND BARRIER PRECAUTIONS

This program provides the necessary information and documentation to fulfill the licensure/credentialing requirements mandated by the New York State Education Department and the Department of Health.

Chapter 786 of the Laws of 1992 amended the Education and Public Health Laws establishing a requirement that certain healthcare professionals licensed in NY State must receive approved training in infection control and barrier precautions by July 1, 1994; and every four years thereafter. The training is to prevent the transmission of Human Immuno-deficiency Virus (HIV) and the Hepatitis B (HBV) in the course of professional practice.

Online Infection Control Program is presented by Continuum Services.

Continuum Services, St. Luke's-Roosevelt Hospital is approved as a provider of continuing nursing education by the New York State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Online Infection Control Course is assigned approval code 7TPNYS-PRV-109 and has been awarded 2.0 contact hours.
